

Wissenschaften Beispiel der Philosophie

- p. 8 in the Holgerdorf case of Plautin - period of
p. 12
p. 41 variability increased of currency - (Mun. Fests
case in Pustall Bed) ^{p. 137} good argument by Wagon
- p. 20 42 - in cases in which there form of
Plautin become constant
- p. 45 In a constant to remain constant
my individual must migrate
47. What sign of ess of Apus & revised.
48. Relation of well from withing
51. Period of variability by, get shorter than that of
currency.
52. By argument: in S. Against periods of variability.
54. For greatest step in influence in wealth
when a variable a constant period is a
constant
- p. 55 Relation in relation of Better than
- p. 65 case of constant Better than in reported
cases in general periods

p. 67 the color it unifies to un-copy
 & account for by local form of the color
 p. 74 formation of variation not occurring in
 case introduced by few individuals - I'd
 think slight distinct conditions to be made
 influence to propagation of variation. - The
 influence then gained in. never used
 to count the differences in species in certain

p. 76 case of quercus slight difference as I found
 varieties of Leucodactylus - ^{much} ~~very~~ species so
 not present of local ones.

p. 85 effect of copy slight of slow work in
 to certain specimens.

95 } Don't let ignore effect of conditions
 97 } large continued. - p. 102 good aspect against.
 102 }

107. local form of Better has been used for
 course to main land of Italy.

106. Case of vicinity of endemic form on
 islands in part due to land when one
 found not referring to the cause.
